A Great Walker.

On July 19 1809, the Newmarket bells rang a peal in honor of Captain Barclay's completed walk of a mile in each of 1,000 successive hours. In his first week of it he had averaged less than fifteen minutes for each mile and in the last week more than twenty-one, and his weight had gone down from thirteen stone four pounds to seven stone. But on July 17 he joined the Walkerian expedition in perfect health as aid-de-camp to the Marquis of Huntly. Captain Barclay who was a Barclay of Ury and unsuccessfully claimed three Scottish earldoms, had performed wonderful feats before the Newmarket walk. In 1801 he walked 110 miles in nineteen hours in a muddy park. In 1805 he rose one morning at 5, walked thirty miles grouse shooting, dined at 5 p. m., walked sixty miles to his house at Ury in eleven hours, did some business and walked sixteen miles to dance at a ball, walked home by 7 a. m. and spent the day partridge shooting—in all 130 miles without sleep for two nights and three days. At twenty he could lift half a ton.—St. James' Gazette.

Lettuce Salad With Fried Cheese

Dress the lettuce in the usual way with French dressing. Have a mild cheese, rather dry, cut in strips like French fried potatoes, dip the strips in beaten egg roll them in fine bread crumbs and drop them into boiling fat to brown as quickly as possible. Serve with the lettuce. Boston Post.

Tribune's Market Report

Grain, Stock and Money Markets Fresh From the Wires for Tribune Readers

FROM ASSOCIATED PRESS AND OTHER REPORTS

Minneapolis Gossip.

Minneapolis, Oct. 12. This was the principal market that was open today and there was a large volume of business. One-pence higher, Liverpool cable gave it impetus at the start and the bulls sat back and allowed the frightened bears to buy the wheat in and the result was an advance of 1¾ cents from the previous close. Millers were large buyers of our December, all day, probably on account of the light receipts here, which were only 320 cars against 600 last year. Duluth had 492 and Winnipeg ran less than last year for the first time in two weeks. Minneapolis stocks increased 350,000 bushels for three days. The selling of May wheat was a feature of the day, one large commission firm selling half a million. The advance may carry a little further but would advise taking profits on this bulge.

GUNNISON TUNNEL INAUGURAL

Opening of Reclamation Service Feature of Taft's Visit to Colorado.

One of the most interesting features of President Taft's coming visit to Colorado will be the turning on of the water through the Gunnison tunnel This ceremony will be held at Montrose Sept. 23, and Mr. Taft will open the gates that will let the waters of the Gunnison river into the tunnel and will put this great reclamation project of Uncompahgre valley into operation. It will irrigate 150,000 acres of choice land that now is semiarid.

The government began the work four and a half years ago, and the two gangs boring the tunnel met July 6 last at a point 10,812 feet from the intake of the Gunnison river. The tunnel is 30,000 feet (six miles) long, 11 by 13 feet, inside measurement, and is lined throughout with cement. The main canal is thirty feet wide at the bottom, eighty-three feet wide at the top, and the average depth of water is ten feet. The capacity is 1,800 cubic feet of water a second.

The cost of the tunnel and distributing canals is more than $5,000,000, and perpetual water rights will be sold to actual settlers at approximately $35 an acre, being based upon the actual cost of the tunnel. Ten years' time will be allowed for payment without interest. The lands to be irrigated are suitable for fruit growing and the raising of all kinds of farm crops. The water after it leaves the tunnel will have 370 feet fall, which can be used to generate electric power sufficient to light and provide power for all industrial purposes of the valley.

Made Sure of the Pie.

A young girl who carried her dinner was observed to eat her pie first. When asked why, she replied, "Well, if there's anything left it won't be the pie, will it, now?"
