Agostino will act as Young's as-sistant in producing several topnotch Junior Pentathion performers from the Crockett District. The Castle Community playground is the scene of much activity these afternoons as instructors Young and Agostino are sending their charges through preliminary train-

LEADERS ADVISABLE

Here's a word of advice to unit divisions in the Jumor Pentathlon. Each school, playground or other unit should immediately select a capable student executive to act as leader in the Junior Pentathlon movement for the organization. The boy should conduct, at the discre-tion of the organization head, all correspondence with Pentathlon headquarters and attend to details in connection with entering and training for the five event program.

The appointment of a student executive is d-signed to relieve the physical education director of excess duties. At the same time student managers may learn how to solve problems in management. The most efficient student executives will receive trophies. NEILSON IS BOOSTER

N. P. Neilson, chief of the division of health and physical education for the State, is one of the Junior Pentathlon's leading boosters. Neilson was a visitor to pentathlon headquarters yesterday and

said: "I am thoroughly in accord with the whole program. After watching last year's success and the fine athletes competing in the finals at Berkeley, I became more convinced as to the pentathlon's place in school

and playground activities."
