

White Denies Wife's Charges

MARTINEZ, Sept. 28. — C. Wadsworth White, 37-year-old Oakland attorney, today filed in Contra Costa County Superior Court a general denial of allegations hurled by his platinum blonde wife, Dorothy, in her cross-complaint to his suit for divorce.

White in a legal answer to his wife's cross complaint enumerated the various charges made by her in an 18 page document and made a denial of each. Specifically he denied her charges:

1.—That he is not a fit and proper person to have custody of their two children, Cynthia, 7, and Lee Mayfield, 3.

2.—That he has control of property which is unknown to Mrs. White but which has a value in excess of \$7000.

3.—That he committed acts of adultery with a "Jane Doe" in the spring and summer of 1950.

4.—That he was guilty of acts of adultery with a Micheline Roe in the fall and winter of 1949.

5.—That he committed adultery with "Jane Doe" after June 21, 1950, the date listed by Mrs. White as the date of their separation.

6.—That he was guilty of any acts of cruelty to his wife during their marriage.

7.—That he is financially able to pay \$450 monthly in support for the wife and children.

DATE SEPARATED

White further charged that he and his wife actually separated on June 12 of this year instead of June 21 as listed by the wife.

A hearing on Mrs. White's request for \$10,000 in attorneys' fees and temporary support had been scheduled for this morning before Superior Judge S. C. Masterson in Richmond but has been delayed by mutual consent of the couple's attorneys.

Mrs. White is in Peralta Hospital in Oakland recovering from surgery and would have been unable to attend the hearing which is expected to be held in Richmond October 8. O. P. Fenstermacher of Pittsburg, White's attorney, said he would be out of town for the hearing.

TEMPORARY SUPPORT

Fenstermacher and Mrs. White's attorneys have agreed that she shall receive \$25 per week support pending the hearing. She is represented by Jake Ehrlich of San Francisco, H. Ward Dawson of Piedmont and Thomas McBride of Martinez.

Mrs. White has received temporary custody of the children and placed them in a foster home at Concord which had been recommended by the county probation department while she is in the hospital.

White made a plea for custody of the children during his wife's hospitalization, but his request was denied by Superior Judge Homer W. Patterson.

Music Drive Reports Gains

Oakland Civic Music Association drive workers made first progress reports Wednesday at campaign headquarters, 19th and Franklin.

According to John Brakebill, drive director, about one-third of the total membership goal of 3000 members was reached at the first report meeting. "The number of memberships received to date indicates a capacity membership by the end of the drive on Saturday," Brakebill said.

The Civic Music Association is planning five concerts for the coming fall and winter season. Arthur Rubinstein and Marion Anderson have already been announced as two of the attractions. The remaining artists to appear will be selected at the close of the drive on Saturday, Brakebill said.

Under the Civic Music Plan only members of the association may attend the concerts presented by this new non-profit organization. Membership is open to everyone interested in fine musical entertainment. Memberships are available through one of the 300 volunteer workers participating in the drive or at campaign headquarters, 19th and Franklin. Special headquarters telephone number is GL 4-6800. Further information about the Civic Music Association can be obtained by calling that number.

Express Strikers Reduce Demands

NEW YORK, Sept. 28.—Striking drivers of the Railway Express Agency have cut their original wage demands in half. But settlement of the four-day-old strike by 3000 drivers in New York and New Jersey appeared little nearer a settlement today.

John J. McNamara, secretary-treasurer of Local 808 of the AFL-International Brotherhood of Teamsters, said yesterday the drivers were willing to return to work for a wage increase of 10 cents an hour, a welfare fund amounting to five cents an hour and union control of truck loading and unloading.

Originally the teamsters asked a 20-cent hourly pay increase.

A jury of six men and six women was discharged last night after reporting it was unable to agree on a verdict in the murder trial of James M. Hunt, 37, of 531 38th Street.

Date for a retrial will be set on Monday.

The jury returned to the court of Superior Judge Charles Wade Snook at 11:17 p.m., nearly eight hours after receiving the case, to report that no agreement could be reached.

Hunt was arrested April 21 after Miss Florence Henderson, his common law wife, was killed by a shotgun blast at his home. He told officers that the gun discharged when he tried to take it from her during a domestic quarrel.

Mother Accused of Murdering Son, 9

TAMPA, Fla., Sept. 28.—A red-haired tavern operator today was charged with murder in the death of her small son whose body was found inside a refrigerator at the tavern.

Chief Criminal Deputy Ernest Culbreath said Mrs. Lois M. Tipp, 39-year-old divorcee, still maintained she knew nothing about the death of her son, Bobby, 9.

Bobby was shot twice in the head, bound mummy fashion with a sheet, then placed in an unused ice box. A heavy odor from the partially decomposed body led to a tip that caused officers to investigate.
